

March 3, 2017

Dear Colleagues,

I am pleased to announce that the Physics Department at Simon Fraser University will organize a free workshop to help students prepare for the CAP High School Prize Physics Exam. This is the third year we organize such a workshop. The ultimate goal of the workshop is to enhance the students' understanding of physics concepts and methods, and to strengthen their problem solving skills. Therefore, students who are not planning to take the CAP exam are also welcome.

The workshop will be held on Tuesday March 14, from 9:30am to 11:30am at Simon Fraser University (Room C9051, Burnaby Campus) . Similar to last year, there will be an ongoing online discussion forum after the workshop. Students who are interested in attending the workshop should register online:

<http://websurvey.sfu.ca/survey/271398366>

It would be greatly appreciated if you could let your students know the availability of this workshop. If you have any questions, comments or suggestions, please feel free to contact me.

Regards,

Michael Chen, Ph D, Senior Lecturer

Department of Physics,

Simon Fraser University

2017 BC High School CAP Exam Preparation Workshop

Simon Fraser University (C9051, Burnaby Campus)

- When: Tuesday, March 14, 2017, 9:30-11:30am.
